# Logo system

APPROVED CONCEPT 2 / SELECTED REFINEMENT 2A

create  
S T U D I O

The approved identity is the open geometric C + S mark from Concept 2, paired with its lowercase create wordmark. Use the mark alone for social profiles, favicons and compact digital placements.

## VERSIONS

### PRIMARY

Gradient mark + white wordmark

### DARK

Gradient mark on near-black

### LIGHT

Near-black wordmark on soft white

### ICON

Monogram only

## CLEAR SPACE

Keep empty space around the logo equal to at least half the monogram width. Never stretch, rotate, outline or recolor the mark outside the approved palette.

## TYPOGRAPHY

### Sora

Headlines and strong statements. Use Bold or SemiBold.

### Inter

Body copy, navigation, forms and interface text. Use Regular or Medium.

## TYPE RULE

Use short headlines, generous spacing and strong contrast. Avoid decorative fonts and long all-caps paragraphs.

# Brand in action

## DESIGN SYSTEM

- 01 Dark-first layouts with generous negative space.
- 02 Gradient reserved for calls to action and signature moments.
- 03 Rounded cards, crisp grids and subtle interactive motion.
- 04 Real client work as the hero; abstract shapes as supporting accents.
- 05 No generic “futuristic tech” imagery or excessive neon effects.

## VOICE

Clear, confident and helpful. Speak about outcomes before technology. Keep language simple enough for a business owner who is not technical.

### EXAMPLE MESSAGE

## Your website should do more than look good.

We create custom digital experiences designed to build trust, attract customers and help your business grow.
